## **Welcome to the Open Singles Circuit!**

**Thank you for your interest in the OSC.**

The Open Singles Circuit (OSC) is really taking off and we would like to bring you on board and share the benefits of what we have to offer your club and the wider game. Evolving from the very successful EMPB (East Midlands Premier Bowls) Tour, the OSC is the most exciting and fastest growing concept in bowls today. It's fully endorsed by the EIBA, so now is the perfect time to get involved and reap the rewards for your club and your players.

### **THE CONCEPT**

The Open Singles Circuit is exactly just that; a circuit of club owned and run open singles events throughout the UK, where all the results from all the events earn all the players ranking points which contribute to the OSC Rankings List. The rankings list is reset at the start of each new season to reward each player's current form. Local sponsorship and the player's entry fees form the prize fund for each local event. At the end of each season the top ranked players on the OSC Rankings List qualify for the Grand Final event, which is fully funded by OSC and updated live over the internet for bowls fans all over the world.

### **BENEFITS**

So what are the benefits to running your own OSC event and why is it a positive move for your club to become involved?

By becoming part of the OSC we can realise the following benefits together:

- **SIGNIFICANT REVENUE** for your club over the duration of your event
- **STIMULATING INTEREST WITHIN THE SPORT** from the local clubs, players and supporters as well as a UK wide audience
- **TANGIBLE CASH REWARDS** for the players (several of who may be from your club)
- **A PROFESSIONAL FORMAT AND SHOWCASE** of our sport
- **SPONSORSHIP OPPORTUNITIES AND NETWORKING WITH LOCAL BUSINESSES** –our dedicated website has had in excess of 200,000 views in the first season

## **FORMAT**

All events on the OSC are played to the recognised and exciting format of 2 sets of 7 ends with a deciding 3 end tie breaker if required. All jacks are re-spotted, as seen on TV, excluding nominated killed ends.

## **PLAYERS**

OSC Events are open to anyone: Male, female, young, old, disabled, amateur or professional, we welcome and encourage all entrants. You are not even required to be a member of a bowls club to enter an OSC event.

Naturally these events attract some of the world's better bowling talent. World champion Nick Brett has participated in previous tournaments on the circuit. Also other great players such as Mark Royal, Jamie Walker, Scott Edwards, Neil Smith and Les Gillett are all regular competitors.

Everyone entering has the chance to test their game against the best players on the circuit, in a truly competitive environment. Playing the two 7 end sets format really means the best player of the day is usually the victor. We would be confident that your Open Singles Circuit Event will become a 'Blue Ribbon Day' within your club's calendar.

## **SUSTAINING THE OPEN SINGLES CIRCUIT**

The Open Singles Circuit is managed by a few willing volunteers, all bowlers trying to put something innovative back into the game for the benefit of clubs and players alike. There are NO membership costs to either clubs or players and all monies paid in via entry fees will be passed onto the clubs, for your own distribution.

Up to now any costs associated with the OSC and its rapid development have been absorbed by those volunteers but as you will appreciate, that situation cannot be sustained indefinitely. Whilst we will all remain volunteers working without pay, there are inevitably administration and licensing costs, as well as web space hire charges to be found week on week. We passionately believe that the OSC adds value to our sport where ambitious players can prosper and profit.

Therefore we include, as part of our Terms and Conditions, the most modest levy of £3.50 per player entered in your event. By levying at this rate and in this way, we believe the cost can be passed onto the players within the entry fee.

The OSC is fully endorsed by the EIBA. The player levy payments will be paid into the EIBA.

The OSC will already have the £3.50 player levy from the players that pay via the online entry system, however any cash payments taken from the club, their £3.50 player levy will be deducted from the total prize fund we will send over to the club.

We do hope you will agree that our approach adds considerable value and appreciate that we cannot sustain this without assistance from our partner clubs. If you have any questions or queries regarding this please do not hesitate to ask.

## **OPEN SINGLES CIRCUIT EVENT RULES**

Rules & Playing Conditions - Rules last amended 01/02/2019

1. A match with each player having four bowls will consist of two sets - each played over 7 ends. The winner of each set will be the player with the most shots at the completion of the 7th end. A set will be deemed to be completed (with advice from the marker or competition official if required) if at any point it becomes impossible for one player to draw or win the set given the number of ends remaining. The winner of the match being the better of two sets as described in rule 2 below. All rounds of the competition will be played over 2 sets plus a tie break if required, including the final.

2. The winner of each set shall receive 1 point, If the shots scored are tied after the last end of a set, the set will be drawn, scoring ½ a point per player. If the match is tied at two drawn sets or one set each, a best of 3 ends tie-break will be played to determine the winner. This will be the winner of each end and NOT the total number of shots won in the 3 ends. If at the completion of the deciding 3rd end of the match tie-break, the scores are equal, a 4th end will be played with each player delivering a single bowl to determine the winner. If opposing bowls are equal distance from the jack, they will be removed and

further single bowls will be played to determine the winner. In any such fourth end, the jack, if hit off rink will be re-spotted as described in rule 7.

3. In all cases a “no score” end will count as an end.

4. Play will be in both directions. The player winning the toss shall have the choice of starting or giving away the jack in the first set. The loser of the toss shall have the choice of starting or giving away the jack in the second set, the winner of an end will start the next end in the same set.

5. In the match tie-break, the player winning the toss shall choose whether to take the jack or give it away in both the first & third ends (assuming a third end is required) or to take or give away the jack in the second end. In the event of a fourth end being required the player winning a “new” toss shall have the choice of starting or giving the jack away.

6. The player to start will select where to place the mat along the centre line of the rink and deliver the jack. A full-length jack will be at the 2m T Mark from the 2m Mat Line, or from the 3m T Mark to the 3m Mat Line, this is dependent on each club deciding on 2m or 3m Ts.

7. In the event of the jack being hit off the rink it will be replaced at one of two predefined points on the rink, these points (spots) will be 300mm behind the 2m or 3m T Mark and half way between the centre line of the rink & the edge of the rink, the jack will be replaced on one of these spots prior to the next bowl being delivered or the end decided. If the jack is hit off the rink to the right, it will be positioned on the right hand predefined point. If the jack is hit off to the left, it will be positioned on the left hand predefined point. When the predefined point is occupied, the jack will be repositioned at the nearest available position along the line between the predefined points and the centre line of the rink, but not touching an obstructing bowl. In the third end of a match tie break (only) each player will be entitled to “kill” (or burn”) the end once, with the end being replayed. (Players must clearly declare to the marker their intention to kill the end prior to the delivery of each bowl). Unless such a prior declaration is made and in all other circumstance there will be no dead ends and the re-spot rule (no 7) will apply. If a club already has re-spots in an alternative place on the green then these spots do not have to be re-positioned and will be used instead of the above mentioned measurements.

8. The jack, when hit into the ditch within the rink width, will remain in play and not be repositioned.

9. Any bowl leaving the confines of the rink (except on delivery) and not a live toucher in the ditch will be deemed to be dead and immediately removed.

10. A live rebounding jack within the confines of the rink but less than the minimum of 20m from the front edge of the mat will be repositioned at the appropriate predefined point as described at rule 7.

11. Measurements between the Jack, including a repositioned jack, and the live bowls will be carried out in the normal manner, players may request the marker to measure or may call an umpire at their own discretion, an umpire's decision is final.

12. Players may visit the head after their third bowl. Players can ask the marker to visit the head after their second bowl, if allowed by the marker both players must walk back to the mat together.

13. Any Full Set of 4 Matching Bowls from the same original set can be used and must contain a valid in-date bowls stamp (As per EIBA Ltd regulations - must have a legible stamp dated 1985 or later on them.)

14. All players should report to the Tournament Organiser on arrival at the venue to check in.

15. If a player is late for their scheduled start time, a decision will be made at the tournament organisers discretion.

16. Coloured Bowls Stickers will be supplied to the host Club by Open Singles Circuit, "The Home" or first drawn player must play using Red Bowls Stickers and "The Away" or second drawn player must play using White Bowls Stickers. These will be issued to players on check in and subsequently before each round as required.
17. Dress shall be whites below the waist and any bowls shirt will be allowed. There will be no restrictions on sponsors logo sizes and/or locations on player's shirts or trousers/skirts.
18. Two trial ends (one in each direction) will be allowed prior to the start of each match. The TRIAL ends will be 2 bowls each.
19. In all cases where a dispute arises, and an umpire cannot rule, the Tournament Organiser's decision shall be final.
20. Please take the time to check on local club rules in particular dress codes. Some clubs have a rule in place that prevents practice sessions in denim jeans or tracksuit bottoms.
21. If required to do so by the host club, all players must, once eliminated from the competition, be prepared to mark the next match on the rink on which their final match was played (Clubs provide markers from the Quarter Final stage onwards)
22. Each tournament will be played with a minimum of 48 players per event at the draw stage.
23. Aero Trifecta Bowls - Some clubs may decide to ban trifecta bowls for use at their club. We have to respect the clubs decision as all the OSC events are club tournaments.
24. We reserve the right to publicise players names, scores, ranking positions, photos and videos/ live streaming on our Website, Social Media and YouTube. Please refer to our privacy policy for details.
25. Open Singles Circuit do not recommend refunds after the draw has been published, however the final decision can be made by each individual club.
